Lumen Study: Design System & Design Rationale

Companion sheet to the landing page

1 Product & intended users

Lumen Study is a fictional study-planning and focus app. It turns deadlines into a daily plan, runs focus timers, and shows progress over time.

AUDIENCE	PROBLEM	PROMISE
Students aged 16-24	Overwhelmed by deadlines	Plan smarter. Focus longer.

2 Shared color styles

Primary/600	Primary/700	Primary/100	Accent/500	Neutral/900	Neutral/600	Neutral/400	Neutral/200	Neutral/50
#4F46E5	#4338CA	#E0E7FF	#F59E0B	#111827	#4B5563	#9CA3AF	#E5E7EB	#F9FAFB
Buttons, links	Hover state	Tints, icon bg	Highlights	Headings, footer	Body text	Muted text	Borders	Section bg

3 Shared text styles (Inter in Figma)

Study smarter

Display 56 / 64 Bold

Everything you need

H2 36 / 44 Bold

Smart Planner

H3 20 / 28 Semibold

Lumen turns your deadlines into a daily plan.

Body L 18 / 28 Regular

Automatically schedules study sessions around deadlines.

Body 16 / 24 Regular

Get Started

Button 16 / 24 Semibold

4 Reusable components (built with Auto Layout)

Button (variants: Type x State)

Primary / Default | Primary / Hover | Secondary / Default | Secondary / Hover

Padding 14 / 28, radius 12, hug contents

Nav Link (variants: Default / Active)

Features Pricing

Header (logo + nav links + button)

Lumen Features Pricing About Get Started

Feature Card (editable icon, title and description)

Focus Timer

Pomodoro sessions with a distraction-free mode to keep you in the zone.

- Vertical Auto Layout, gap 16
- Padding 32 on all sides
- Corner radius 20, white fill
- Effect style: Card shadow (Y4, blur 16, 8%)
- Icon container 48 x 48, Primary/100
- Text properties for title + description
- Width: Fill container (3 per row)

5 Auto Layout map

Frame	Direction	Gap	Padding	Alignment
Header	Horizontal	32	24 / 160	Space between
Hero	Horizontal	64	80 / 160	Center
Hero left column	Vertical	24	0	Left
Features section	Vertical	48	80 / 160	Center
Card row	Horizontal	24	0	Fill container
Footer	Vertical	32	64 / 160	Left

6 Design choices

Color. Indigo feels calm, trustworthy and academic. A warm amber accent is used sparingly for energy, such as the badge dot and the streak chip.

Typography. Inter is chosen for readability. Six text styles give a clear hierarchy from the large hero heading down to body copy.

Spacing. A strict 8-pt scale (8, 16, 24, 32, 48, 80) keeps every section balanced and consistent.

Layout. A familiar flow: header, hero with a clear call to action, three benefit-led feature cards, a closing CTA band, then the footer.

Conversion. The primary button repeats in the header, hero and CTA band so users always see an obvious next step.
